WORLD CAR DESIGN OF THE YEAR

Noi di Mazda facciamo le cose in modo sempre nuovo per raggiungere il miglior risultato possibile. I nostri ingegneri hanno ripensato l'ultima generazione della Mazda MX-5, il nostro roadster di culto, in ogni dettaglio rendendola più leggera, abbassandone il baricentro, ottenendo una distribuzione ideale del peso (50:50) e ottimizzando le prestazioni del motore. La sua straordinaria agilità e il suo eccezionale dinamismo, uniti al design mozzafiato «KODO - Soul of Motion», hanno conquistato non solo 1 milione di acquirenti in tutto il mondo, ma anche la giuria dei rinomati «World Car Awards». Mazda ringrazia. Mazda. Oltre le convenzioni.
